

THE ROYAL SOCIETY SOUTH EAST ASIA RAINFOREST RESEARCH PROGRAMME (SEARRP)

Application for SEARRP membership

A. The project

A1. Title (or provisional title) of the project:

A2. Please give a brief description of the project (including how it relates to the aims and content of the Royal Society Programme) - enclose separate sheets if easier. If part of a current project of the Programme, please say.

A3. Please give brief details of funding or planned funding applications/sources:

A4. For research in Malaysia, including at Danum, one must have local research collaborators. Do you have a prospective collaborator (and if so please give details)? If you have not, do you need help in finding one?

A5. Anticipated starting date and duration of the project (including starting date and duration of field research):

A6. Does the project involve animals? YES/NO. If "YES" please answer section A7

A7. All SEARRP Projects must conform to the Royal Society stated policy on animal research (downloadable from the SEARRP or Royal Society website: www.royalsoc.ac.uk/document.asp?tip=0&id=5223)

If your project does involve research with animals, please briefly indicate how these (and UK guidelines) will be met by your project.

B. The applicant(s)

B1. Full Name(s) and (academic) address(es) of applicant(s):

B2. Status of applicant(s) (e.g. research student, postdoctoral, university lecturer/professor, research institute, museum, independent, undergraduate, postgraduate research assistant, postdoctoral research assistant, etc.)

B3. Will (or could) the project involve (i) assistants or research students or (ii) Malaysian/SE Asian assistants or research students additional to those named above? Give brief details.

B4. Contact e-mail, telephone, fax (and address if different from in B1)

B5. Previous research experience:

B6. Name and academic address of supervisor (for postdoctoral or graduate research assistants, research students, undergraduates):

B7. Names and addresses of two academic referees (not necessary for research students, undergraduates or assistants working on existing projects):

SIGNATURE(S):

DATE:

Please return (by e-mail or post) to: Professor Rory Walsh, Research Co-ordinator Royal Society SEARRP, Department of Geography, University of Wales Swansea, Singleton Park, Swansea SA2 8PP, Tel. 01-792-295228/295231, Fax. 01-792-295955, e-mail: R.P.D.Walsh@Swansea.ac.uk
